

SEVERANCE OF SERENITY

The aggression of Death metal, touches of Doom and Prog. complemented with versatile and atmospheric melodies, and the formula of a unique form of Melodic Death metal has formed which describes the music of Nephylim the best.

In the winter of 2015 Nephylim was originated with the focus of creating music influenced by Scandinavian Melodic Death metal, which resulted in their debut EP "Torn", released December 2015.

After the first international show, positive responses on the EP and other shows, the quest for the first full length began. In January 2020 the debut album "Severance of Serenity" has been released. Ten individual tracks which define the pure essence of the message Nephylim wants to spread:

"Intriguing musical melodies enriched with intricate, yet recognizable lyrical content."
