## BIOGRAPHY

### **Nephylim**

*“Giganten die volgens mythes op deze aarde hebben gedwaald.”*

Nephylim is een Nederlandse Melodische Death Metal band ontstaan in 's-Hertogenbosch, vooruitstrevend met een vurige passie voor Melodische Death Metal.

Overweldigend in een storm van melancholie en grondbrekende ritmische logheid. Meeslepende melodieuze en progressieve passages smeden de doorgewinterde (Gothenburgse) sound en dynamiek, die Nephylim vastberaden weet te hanteren.

Circulerend in het vooruitstrevende concept van het leven en de overweldigende abstractheid van de natuur; vertolken ze hun live-vertoning op grandioze wijze, belovend op een unieke en verenigde ervaring voor de luisteraar.

Nephylim heeft de eer zichzelf Winnaars van zowel *The Rock Circus Talent Tour* (2023) als de *Dutch Wacken Metal Battle* (2022) te noemen, tezamen met de geprezen prestatie om 4e te worden op de *International Wacken Metal Battle* (2022).

Momenteel is de band bezig met het realiseren van hun tweede studioalbum genaamd “CIRCUITION”, het meest ambitieuze en grensverleggende werk van hen tot nu. De release staat gepland voor het voorjaar van 2025.

### **Nephylim**

*“Giants who, according to myths, have wandered this earth.”*

Nephylim is a Dutch Melodic Death Metal formation formed in 's-Hertogenbosch. Striving with a fiery passion for Melodic Death Metal, excelling in a storm of melancholy and ground-trembling heaviness. Captivating melodies and progressive passages forge the wintered (Gothenburg-esque) sound and dynamics, which Nephylim knows how to use with determination

Circulating within the emerging concept of life and overlapping abstractness of nature; they portray their live performance in a daunting and magnifying way, providing an unique and unified experience for the audience.

Nephylim has the honour to call themselves: **Winners** of both *The Rock Circus Talent Tour* (2023) and *Dutch Wacken Metal Battle* (2022). Which goes along with the praised achievement of becoming 4<sup>th</sup> at the *International Wacken Metal Battle* (2022).

Currently the band is realizing their second full-length studio album called ‘CIRCUITION’, their most ambitious and varied work to date. Set to be released in the early months of 2025.

# ALBUM II: "CIRCUITION"

The upcoming album "CIRCUITION" is captivated by concept of "the cycle of life" and "the wheel of fate". Each song on the record is connected to a meaning or state of being, like the origin of life: birth, consequences of old age, mental health problems, and everyone's perception on the circulation of life.

*"Life is short and every moment is precious"*

With this concept we aim to activate our listeners: to make them align and connect within the emerging concept of 'life'.
